

2017 Coalition for Health and Well-Being Task Force Goals for the 2014-2019 Action Plan

Health Factor VII: 50	Family, Cultural and Social Support, and Housing	Problems with language, race, ethnicity, cultural values, maternal care, single parent households, homelessness		Goal:	Decreased racism, stress, disconnection from community resources	
Problem Area	Strategic Goal	Strategy	Activity	Resources	Measures	Achieved
The number of people experiencing homelessness is continuing to rise as is the population of homeless families in local motels.	Increase the availability of resources to homeless individuals and families	Develop and maintain a listing of locally-available resources for homeless individuals and families	Create and distribute resource listing	Life Together Fellow and SCI interns at United Neighbors and United Way	Listing created and distributed	Number of listings distributed
17: Resource Guides updated, better organized. St. Anne's is printing 6000, UN about 3000. Shelters ad Food Pantries and Soup Kitchens already distributing guides since we could provide each place with hundreds of copies						

Health Factor VII: 51	Family, Cultural and Social Support, and Housing	Problems with language, race, ethnicity, cultural values, maternal care, single parent households, homelessness		Goal:	Decreased racism, stress, disconnection from community resources	
Problem Area	Strategic Goal	Strategy	Activity	Resources	Measures	Achieved
The number of people experiencing homelessness is continuing to rise as is the population of homeless families in local motels.	Increase the availability of resources to homeless individuals and families	Educate landlords about housing resources	Provide information to local landlords	Life Together Fellow and SCI interns at United Neighbors and United Way	Information provided	Documentation of information provided
17: Families no longer housed in the motels. Two shelters have become scattered sites. The criteria of "what is homeless" and the requirements for shelter have changed leaving many of our families unable to qualify. This is a new problem and it is growing in leaps and bounds.						

2017 Coalition for Health and Well-Being Task Force Goals for the 2014-2019 Action Plan

Health Factor VII: 52	Family, Cultural and Social Support, and Housing	Problems with language, race, ethnicity, cultural values, maternal care, single parent households, homelessness		Goal:	Decreased racism, stress, disconnection from community resources	
Problem Area	Strategic Goal	Strategy	Activity	Resources	Measures	Achieved
The number of people experiencing homelessness is continuing to rise as is the population of homeless families in local motels.	Increase the availability of resources to homeless individuals and families	Continue job support with SER-Jobs and Community Health Worker Training projects	Create job and job training opportunities to homeless individuals	SER-Jobs and United Interfaith Action CHW job development and training projects	Number of jobs and job training slots provided	Count of jobs and job training slots
17: SER jobs is continuing to help families but is filled to capacity. We need more supportive job training opportunities like SER jobs for our families.						

Health Factor VII: 53	Family, Cultural and Social Support, and Housing	Problems with language, race, ethnicity, cultural values, maternal care, single parent households, homelessness		Goal:	Decreased racism, stress, disconnection from community resources	
Problem Area	Strategic Goal	Strategy	Activity	Resources	Measures	Achieved
The number of people experiencing homelessness is continuing to rise as is the population of homeless families in local motels.	Increase the availability of resources to homeless individuals and families	Increase transportation opportunities to families in local motels	Organize regular bus transportation to Fall River resources to families in Somerset and Swansea	People Incorporated transportation grant; Vela Foundation grant	Number of bus trips provided	Count of bus trips to Fall River
17: We have organized regular social connection trips and activities including a Health and Well Being Day, A nutrition Day, a Social Connection Trip to the Zoo.						

2017 Coalition for Health and Well-Being Task Force Goals for the 2014-2019 Action Plan

Health Factor VII: 54	Family, Cultural and Social Support, and Housing	Problems with language, race, ethnicity, cultural values, maternal care, single parent households, homelessness		Goal:	Decreased racism, stress, disconnection from community resources	
Problem Area	Strategic Goal	Strategy	Activity	Resources	Measures	Achieved
The number of people experiencing homelessness is continuing to rise as is the population of homeless families in local motels.	Increase the availability of resources to homeless individuals and families	Hire a full-time "food guru" at United Way to organized food resources on a 24/7 basis	Write grant application, recruit and hire person, supervise and link with existing resources	United Way of Greater Fall River with Social Capital Inc providing funding and recruiting interns	Position funded and person hired	Funding in place a person hired
17: We have not accomplished this iteration, but have joined the Southcoast Food Justice network headed up by the Episcopal Diocese to work on this issue. We are also going to Beta test the UMASS food ap that will be a good tool.
