

# Leveraging Investments for Health

---

## Roundtable Directory

### Multi-Sector Partnership Representatives

#### Julie Abedian

Julie is President of Columbus Regional Health Foundation, a non-traditional healthcare foundation that makes investments to advance innovation in healthcare delivery and to support and test new ideas addressing the needs of the medically underserved in communities served by Columbus Regional Health (CRH). Her recent focus areas include the development CRH's Innovation Center and Simulation Lab; re-design of a free clinic into a Healthy Communities Connection Center; integration of Human Centered Design into the innovation practice at CRH; and advancement of philanthropy as venture capital to accelerate innovation in healthcare delivery, both locally and as a national model. She holds a Bachelor of Arts degree from the University of Michigan. [jabedian@crh.org](mailto:jabedian@crh.org)

#### Stephen Blanchard

At Our Lady of the Lake University, Steve chairs the Department of Applied Social and Cultural Sciences, an interdisciplinary department comprised of Sociology, Anthropology, Criminal Justice and Forensic Science. He has principal teaching responsibilities for research methods and statistics. Over the last 20 years, Steve has been active in volunteer service to the community of San Antonio. Since 2006 he has been a member of the Board of the Bexar County Health Collaborative where he helped design and manage Community Health Assessments in 2006, 2010 and 2013. Steve received his MPH from The University of Texas, San Antonio and his PhD in Sociology from The University of Texas at Austin. [steveblanchard@ollusa.edu](mailto:steveblanchard@ollusa.edu)

#### Karin Demarest

Karin is Vice President for Programs at the Community Foundation Sonoma County, and a member of the Operations Team of Sonoma Health Action. She joined the Foundation in October of 2011, bringing twenty years of experience in the field of youth development and education. Her current responsibilities include grant-making in Health and Human Services, Education, Arts and the Environment. Karin participates in several community-wide initiatives, including Cradle to Career, Upstream Investments, and North Bay Climate Adaptation Initiative. Karin holds a Bachelor's Degree from the University of Arizona and a Master's degree in Teaching from the University of San Francisco. [kdemarest@sonomacf.org](mailto:kdemarest@sonomacf.org)

### Shylo Dennison

Shylo is Public Health Planner and Accreditation Coordinator at the Pueblo City-County Health Department and a Steering Committee member of the Pueblo Triple Aim Corporation. She oversees work related to Pueblo County Community Health Assessment and the implementation of the 5-year Community Health Improvement Plan. She also leads the Health Department in creating and implementing its strategic plan. In the coming year, Shylo will lead a team through the process of becoming accredited by the Public Health Accreditation Board. She received a MPH degree with honors from American Public University and a Bachelor's degree in Exercise Science, Health Promotion and Recreation Summa Cum Laude from Colorado State University-Pueblo. [dennison@co.pueblo.co.us](mailto:dennison@co.pueblo.co.us)

### Wendy Garf-Lipp

Wendy is Executive Director of United Neighbors of Fall River/Community Connections Coalition, which works toward secure and stable families, the promotion of peace and tranquility, and optimum family support. She brings the organization into partnerships with area service providers, non-profits, educational organizations and interfaith agencies to create a strong city-wide coalition. Greater Fall River Partners for a Healthier Community is one of the groups supported by United Neighbors, and Wendy is former chair and inter-community health network liaison for that group. She lived in the Middle East for 7 years, including as part of a peace-keeping task force working with residents of small villages in Israel, Egypt, Syria, Lebanon and Jordan. [wgarf-lipp@unitedneighborsoffallriver.org](mailto:wgarf-lipp@unitedneighborsoffallriver.org)

### Matt Guy

As Managing Director of the Pueblo Triple Aim Corporation (PTAC), Matt oversees all PTAC operations, toward the goal of making Pueblo County the healthiest county in Colorado. He previously served as the Executive Director of the Southeastern Colorado Area Health Education Center, which provides health education resources and support for current and future medical professionals in 16 counties. He has also worked for the Colorado Rural Health Center and consulted with numerous local, state and national organizations on community health and quality improvement programs. Matt has a MPA from the University of Colorado. He is also a 4th degree black belt in taekwondo and a Commissioned Lay Pastor with the Presbyterian Church USA. [matt.guy@pueblotripleaim.org](mailto:matt.guy@pueblotripleaim.org)

### Gayle B. Harris

Gayle serves as the Public Health Director for the Durham County Department of Public Health and Co-chair for Oversight of the Partnership for a Healthy Durham/Durham Health Innovations. With more than 42 years of service at the Department of Public Health, Gayle is involved in various initiatives promoting health to underserved populations. She is committed to addressing health disparities and disease prevention at the local level. Gayle earned a BSN from Duke University and a MPH from the University of North Carolina at Chapel Hill. [gharris@dconc.gov](mailto:gharris@dconc.gov)

### Laura Jackson

Laura is Executive Vice President for Health Care Innovation & Business Development at Wellmark Blue Cross and Blue Shield, responsible for sales, marketing, public relations, management and compensation of the provider network, pharmacy, health and care management, wellness and health care sustainability and strategy. She is a board member of the Iowa Healthcare Collaborative, Healthiest State Initiative, YMCA of Greater Des Moines, Wellness Council of Iowa, and co-chair of the Wellness Capital (Capital Crossroads Project). She is also a member of the Governor's Advisory Council on Child Health & Wellness and Iowa State University's Food, Science and Human Nutrition Advisory Council. Laura received her undergraduate degree from Iowa State University, and a Master's degree from Marymount University in Arlington, Va. [jacksonlj@wellmark.com](mailto:jacksonlj@wellmark.com)

### Mary Ann Kristiansen

Mary Ann is Founder and Executive Director of the Hannah Grimes Center and a volunteer with Healthy Monadnock 2020. With a mission to help business and the community to innovate, connect, thrive and give back, Hannah Grimes provides business educational programs; a 22-office business incubator; a retail marketplace for 320 businesses with locally made and grown products; financing support; and community projects that foster a supportive environment for entrepreneurship. Mary Ann holds a MPA from New York University and a BA in Communications, Public Relations and Geology from Gustavus Adolphus College. [mak@hannahgrimes.com](mailto:mak@hannahgrimes.com)

### Jen Lewis

Jen is Health Action Manager with the Sonoma County Department of Health Services, Health Policy, Planning and Evaluation Division. She coordinates the Sonoma Health Action Council, a partnership of local leaders, organizations and individuals working to eliminate health disparities and achieve the vision of being the healthiest county in California. Jen led development of the first in-depth analysis of disparities in Sonoma County, and guides community-wide discussions on the importance of place and equity to the long-term health of the community. She is Chair of the Healdsburg Transportation Commission and a Fellow of the Leadership Institute for Ecology and the Economy. Jen holds Master's degrees in Environmental Management and in International Relations from Yale University, and a BA in Biology from Bryn Mawr College. [jen.lewis@sonoma-county.org](mailto:jen.lewis@sonoma-county.org)

### Elizabeth Lutz

As Executive Director of The Health Collaborative, Liz asserts her passion for community health, equality in service, and a collaborative vision toward sustainable, resilient processes that directly impact the health status of the community. She has extended the mission of The Health Collaborative into a new caliber of service-oriented initiatives bringing community health leaders together to promote joint efforts, foster a shared vision of prosperity for Bexar County citizens, and diminish duplication of services and the need for competition. She is a graduate of the University of the Incarnate Word. [elizabeth.lutz@healthcollaborative.net](mailto:elizabeth.lutz@healthcollaborative.net)

### Michelle J. Lyn

Michelle is Chief of the Division of Community Health in the Duke Department of Community & Family Medicine. She helped found the Division and design and launch more than 40 of its collaborative, community-based initiatives. Michelle was founding Program Director for Duke's Master of Health Sciences in Clinical Leadership, Community Health Leadership Program, and Community Health Fellowship, and Course Director for the Community Health Elective in the School of Medicine. In 2008 she was appointed Associate Director of the Center for Community Research in Duke's Translational Medicine Institute. She serves as faculty lead for the Durham Health Innovations initiative. Michelle holds both MBA and MHA degrees. [michelle.lyn@duke.edu](mailto:michelle.lyn@duke.edu)

### Gaye Martin

Gaye is Manager of Mission Services for ProMedica and a founding member of Fostering Healthy Communities/Hospital Council of Northwest Ohio. ProMedica serves 27 counties with 11 hospitals, numerous facilities and an extensive array of specialties and services. In her role, Gaye provides system oversight for ProMedica's spiritual care services and chaplains; oversees ProMedica hospitals' community health needs assessments; and represents ProMedica on various community committees and collaborations, with a particular focus on community health, minority health, and K-12 education initiatives. Gaye received a B.S. and MBA from the University of Toledo. [gaye.martin@promedica.org](mailto:gaye.martin@promedica.org)

### Karen J. Minyard

Karen is executive director of the Georgia Health Policy Center and Associate Research Professor in Public Management and Policy at Georgia State University's Andrew Young School of Policy Studies. She is an advocate for the importance of community in national, state and local policy, maintaining her connection to communities through direct work with local health collaboratives and board service for the National Network of Public Health Institutes and Communities Joined in Action. Karen is a member of the Atlanta Regional Collaborative for Health Improvement's executive leadership team. She holds a Master's degree in nursing from Medical College of Georgia and PhD in business administration from Georgia State University. [kminyard@gsu.edu](mailto:kminyard@gsu.edu)

### Elizabeth Morris

Beth is Director of Community Health Partnerships at Columbus Regional Health and the lead staff person for Reach Healthy Communities, a broad-based community collaboration focused on radical improvement in health and long-term quality of life. The initiative's part-time staff and hundreds of volunteers promote access to health care, healthy relationships and healthy lifestyles. Priorities are driven by data from numerous sources, including community health needs assessment conducted every three years since 1996. Beth is responsible for strategy, implementation, measurement/evaluation, and relationship management. She received her BA in psychology and MSW from Indiana University. [bmorris@crh.org](mailto:bmorris@crh.org)

### Monica Moser

Monica is President and CEO of the Jackson Community Foundation. In this role, she thinks of herself as a community cheerleader and a neutral convener leading the community to action. She has become a “Collective Impact Junkie” and is fortunate to have an action-oriented team of like-minded leaders working together in the areas of health and education to improve community-level outcomes. Monica served previously as Executive Director of disAbility Connections, a nonprofit center supporting Jackson County residents in their efforts to lead independent and productive lives. She holds a Bachelor’s degree from Russell Sage College and Master’s from Spring Arbor University. [mmoser@jacksoncf.org](mailto:mmoser@jacksoncf.org)

### Linda Rubin

Linda is Director of the Healthy Community Initiative, Healthy Monadnock 2020, at Cheshire Medical Center/Dartmouth-Hitchcock Keene, a community hospital and multi-specialty physician practice in Keene, NH. She joined CMC/DHK in 2010, taking the lead role in facilitating the initiative to make Cheshire County and the Monadnock Region the healthiest community in the nation by 2020. Linda is staff liaison to the Healthiest Community Advisory Board, 30 representatives of organizations, coalitions, schools and businesses working together to create a common agenda and strategic action framework for Healthy Monadnock 2020. Linda holds a MS in Environmental Communications from Antioch University New England, BS in Biology and Chemistry Education from Florida Atlantic University, and Certificate in Nonprofit Management from Keene State College. [LRubin@Cheshire-Med.com](mailto:LRubin@Cheshire-Med.com)

### Jan L. Ruma

Jan is vice president of the Hospital Council of Northwest Ohio, responsible for collaborative community health improvement programs. She is also Executive Director of Toledo/Lucas County CareNet, an award-winning access-to-healthcare program. She serves on the Board of the Health Policy Institute of Ohio and received the 2013 President’s Award from the Area Office on Aging of NW Ohio; the 2009 ProMedica Health System Health Advocate of the Year Award; the 2007 St. Vincent Mercy Children’s Hospital Child Advocacy Award; and the 2000 Toledo 20 Under 40 Leadership Award. Jan holds a Master’s degree in training and development and Bachelor’s degree in Business Administration from Bowling Green State University; a Certificate in Nonprofit Executive Leadership from the Center on Philanthropy at Indiana University; and is a Certified Fundraising Executive. [jruma@hcno.org](mailto:jruma@hcno.org)

### Amy Schultz, MD, MPH

Amy is director of Allegiance Health’s Department of Prevention and Community Health. In this role, she coordinates a variety of programs including the development and evaluation of community health activities for the Health Improvement Organization Committee; facilitation of the Jackson Community Health Assessment; and oversight of Allegiance Health’s Faith Community Nursing Partnership, Community Projects Fund, Tobacco Treatment Services and Wellness Center. She is also Medical Director of the Jackson County Michigan Health Department. She holds a Medical Degree from the Medical College of Ohio and MPH from the University of Michigan. [Amy.Schultz@allegiancehealth.org](mailto:Amy.Schultz@allegiancehealth.org)

### Sr. Dorothy Thum

Sister Dorothy Thum is Senior Vice President of Mission and Values Integration for Mercy health system in Northwest Ohio and a founding member of Fostering Healthy Communities/Hospital Council of Northwest Ohio. Mercy includes 7 hospitals and many outpatient facilities. Sr. Dorothy is a Registered Licensed Dietitian and a Fellow in the American College of Healthcare Executives. Sr. Dorothy is a Sister of Mercy serves on the United Way allocations committee and Care Net Board. She holds Master's degrees in Food Systems Administration, Business Administration, and Pastoral Studies, and completed a Healthy Communities Fellowship sponsored by the Healthcare Forum. [dorothy\\_thum@mercy.com](mailto:dorothy_thum@mercy.com)

### Becky Wampler

Becky is Director of Health Care Sustainability for Wellmark Blue Cross and Blue Shield of Iowa and South Dakota and for the Blue Zones Project/Healthiest State Initiative. She joined Wellmark in 1990. Becky received a Bachelor's degree in Business Administration with an emphasis in management and a Master's degree in Business Administrative Sciences from Iowa State University. Her professional designations include Professional, Academy for Healthcare Management and Fellow, Life Management Institute. [wamplerba@wellmark.com](mailto:wamplerba@wellmark.com)

### David S. Weed

After serving for 32 years as a clinical psychologist for the Massachusetts Department of Mental Health, Dave proposed a health promotion project to address numerous challenges confronting the City of Fall River. He engaged the Fall River Mayor's Office and Partners for a Healthier Community, Inc., the Massachusetts Department of Public Health's Community Health Network Area organization to develop a community-wide action plan. Since 2003 Dave has directed the resulting Healthy City Initiative, which was awarded the Culture of Health Prize by the Robert Wood Johnson Foundation in 2013. He also serves on the Board of Voices for a Healthy Southcoast and is one of the principal organizers of the statewide Inter-CHNA groups of the Massachusetts Department of Public Health. Dave holds a Doctor of Psychology degree. [drweed@cox.net](mailto:drweed@cox.net)

### Evonne Yancey

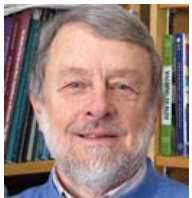

Evonne is principal of Evonne Yancey Solutions and a consultant to Kaiser Permanente Georgia. She is a member of the Steering Committee and co-chair of the Innovation Fund Subcommittee for the Atlanta Regional Collaborative for Health Improvement. In her former role as director of Community Benefit and Community Affairs for Kaiser Permanente of Georgia, Evonne was responsible for positioning the organization with policy makers and key business and community leaders and oversaw a diverse portfolio of charitable programs. She is a member of The Robert Wood Johnson Health Leaders National Advisory Board and the Board of Directors for Mercy Care Services and St. Joseph's Health System; the Board of Advisors for Emory University's Rollins School of Public Health; and Project Healthy Grandparents. She holds a bachelor's degree from Fisk University, Master's of Education degree in Rehabilitation Counseling from Boston University, and Certificate in Corporate Community Relations from Boston College. [heyancey@gmail.com](mailto:heyancey@gmail.com)

## Organizational Connectors

### Deborah I. Chang

Debbie is Vice President of Policy and Prevention and a member of the Executive Team for Nemours Children's Health System, an operating foundation that focuses on children's health and health care. She works to leverage Nemours' expertise and experience to spread what works through national policy and practice changes to improve the health and well-being of children nationwide and to promote population health innovation at Nemours. She co-directs the Kresge Foundation-funded Moving Health Care Upstream initiative, a national collaborative network to test, further develop, and spread innovative population health strategies. Nemours is also spreading and scaling Early Care and Education Learning Collaboratives in 9 states to implement healthy eating and physical activity in child care centers. Debbie was founding Executive Director of Nemours Health & Prevention Services, an operating division devoted to using a comprehensive multi-sector, place-based model to improve children's health in Delaware. She has more than 27 years of federal and state government and private sector experience in the health field. Debbie holds a MPH from the University of Michigan. [dchang@nemours.org](mailto:dchang@nemours.org)

### David A. Kindig, MD, PhD

Dave is Emeritus Professor of Population Health Sciences and Emeritus Vice-Chancellor for Health Sciences at the University of Wisconsin-Madison School of Medicine. He currently co-chairs the Institute of Medicine Roundtable on Population Health Improvement and co-directs the Wisconsin site of the Robert Wood Johnson Health & Society Scholars Program. He was an initial Co-PI on the Robert Wood Johnson MATCH grant under which the County Health Rankings were developed, and was the Founder of the RWJF Roadmaps to Health Prize. From 2011 to 2013, David was Editor of the Improving Population Health blog. He earned a BA from Carleton College and MD and PhD from the University of Chicago School of Medicine, completing residency training in Social Pediatrics at Montefiore Hospital in 1971. [dakindig@wisc.edu](mailto:dakindig@wisc.edu)

### J. Lloyd Michener, MD

Lloyd is Professor and Chairman of the Duke Department of Community and Family Medicine, Director of the Duke Center for Community Research, and Clinical Professor in the Duke School of Nursing. He has served as co-chair of the Community Engagement Key Function Committee for the Clinical Translation Science Awards of the NIH, and is a member of the Council for the National Center for Complementary and Alternative Medicine, the National Academic Affiliations Advisory Council of the Department of Veterans Affairs, the National Quality Forum Population Health Committee, and the NC Institute of Medicine. Lloyd also served as a member of the IOM Committee that led to the publication of "Primary Care and Public Health: Exploring Integration to Improve Population Health", and now directs a national program for the "Practical Playbook" that facilitates the integration of Primary Care and Public Health, supported by the CDC, the Health Resources and Services Administration, and the de Beaumont Foundation. He received his undergraduate degree from Oberlin College and his medical degree from Harvard Medical School. [lloyd.michener@duke.edu](mailto:lloyd.michener@duke.edu)

### Lisa Richter

Lisa is a principal of Avivar Capital, an impact fund syndicator, asset manager and investment advisory firm focused on developing Community Development Families of Funds and providing impact investment advisory services. Previously, she co-founded and led GPS Capital Partners, a national impact investing consultancy that is merging into Avivar Capital. She authored the Grantmakers in Health Guide to Impact Investing, co-authored Equity Advancing Equity, a guide to community foundation impact investing, and a guide to rural community foundation impact investing; and co-designed the Mission Investors Exchange's Mission Investing Institute, where she is a lead trainer. Lisa is a senior fellow with The Philanthropic Initiative, and has served as a director or advisor to the Center for Community Development Investments of the Federal Reserve Bank of San Francisco, the Bank of America National Community Advisory Council, Dignity Health's Community Investment Program, the American Journal of Preventative Medicine, the Community Development Financial Institutions Coalition, Social Investment Forum, and New Markets Tax Credit Coalition. Lisa holds a BA and MBA from the University of Chicago. [lrichter@avivarcapital.com](mailto:lrichter@avivarcapital.com)

## ReThink Health Team

### Ella D. Auchincloss

Ella Auchincloss heads community engagement efforts for ReThink Health and is a member of the business development team. An expert in community leadership development, Ella leads trainings and workshops and provides coaching for a wide variety of organizations and teams, helping them develop the skills needed to lead change. Ella holds a MTS from the Harvard Divinity School and a BS in Finance from Babson College. [eauchincloss@rethinkhealth.org](mailto:eauchincloss@rethinkhealth.org)

### Jane Branscomb

Jane Branscomb is a ReThink Health project coordinator and senior research associate with the Georgia Health Policy Center. She reviews and analyzes policy on topics ranging from health promotion and public health planning to health reform, with keen interest in high-leverage opportunities to advance health equity and remove barriers to health. Her systems thinking and visual communication skills help stakeholders make sense of quantitative information and complex data. In addition, she supports clients with technical assistance in using simulation models, planning and conducting evaluations, and facilitating strategic planning. Jane holds a MPH from Emory University and a Bachelor of Engineering from Vanderbilt University. [jbranscomb@rethinkhealth.org](mailto:jbranscomb@rethinkhealth.org)

### Jane Erickson

Jane Erickson is Special Assistant to the President & CEO of the Rippel Foundation. She conducts research and project coordination for aspects of the Frontiers initiative and supports the President & CEO with strategy, process, and development-related items. A former Fellow at ReThink Health, Jane holds a BA in Public Policy and Political Science from Hobart and William Smith Colleges, an MPA from the Maxwell School of Syracuse University, a certificate in Public Health from Upstate Medical University, and a certificate in Conflict Resolution from the Maxwell School. A former Fulbright Scholar, she is in the final stages of completing her master's degree in International Relations (MAIR), also from the Maxwell School. [jerickson@rethinkhealth.org](mailto:jerickson@rethinkhealth.org)

### Laurie Stillman

Laurie Stillman is Senior Project Leader for ReThink Health. She has spent more than 30 years working with organizations to promote public health and health equity through evidence-based policies and practices. She has held high-level policy and management positions in a variety of public and private health organizations. Most recently, Laurie was the Chief Strategy Officer at Health Resources in Action, a national public health organization. She received her Master's degree from Brandeis University's Heller Graduate School for Social Policy and Management. She recently co-authored an important and relevant policy and practice report entitled, "Leveraging Multi-Sector Investments: New Opportunities to Improve the Health and Vitality of Communities." [lstillman@rethinkhealth.org](mailto:lstillman@rethinkhealth.org)

### C. Sherry Immediato

Sherry Immediato serves as ReThink Health's acting Managing Director and co-leads its Stewardship Practice. A founding practitioner in the field of organizational learning and an expert in using multi-stakeholder collaboration to address complex systems issues, Sherry was president of The Society for Organizational Learning, a global community of practice, prior to joining ReThink Health. She is an adjunct faculty member at St. Louis University College for Public Health and Social Justice. She holds a BS from the University of Wisconsin-Madison, a MPP from Harvard's Kennedy School of Government, and an MBA from the Harvard Business School. [simmediato@rethinkhealth.org](mailto:simmediato@rethinkhealth.org)

### Laura K. Landy

Laura Landy is the founder and chair of ReThink Health and president & CEO of the Rippel Foundation. In these roles, she provides strategy and oversight to the ReThink Health program and oversees the Rippel Foundation's strategic approach to mission-based philanthropy. Laura has more than 35 years of experience promoting social entrepreneurship and innovation and creating models of change in banking, the arts, health, economic development and higher education. She received her undergraduate degree from Washington University in St. Louis, and her MBA from NYU. She is a Fellow of the New York Academy of Medicine and a trustee of Dartmouth-Hitchcock Health System. [LLandy@rippelfoundation.org](mailto:LLandy@rippelfoundation.org)

### Bobby Milstein

Bobby Milstein directs ReThink Health's work in systems strategy and sustainable financing and stewardship. An expert in health system dynamics and policy, Bobby has overseen development of the ReThink Health Dynamics Model. He spent 20 years at the Centers for Disease Control & Prevention, where he founded the Syndemics Prevention Network and coordinated planning and evaluation activities for a number of public health initiatives. Bobby holds a PhD in Public Health Science from Union Institute & University, an MPH from Emory University, and a BA in Cultural Anthropology from the University of Michigan Honors College. [bmilstein@rethinkhealth.org](mailto:bmilstein@rethinkhealth.org)

### Ruth Wageman

Ruth Wageman directs ReThink Health's work with multi-stakeholder leadership teams and conducts empirical research to explore and define the conditions that enable communities to achieve systemic stewardship practices in health. She also coordinates ReThink Health's research and evaluation efforts. An expert in collaborative leadership processes, Ruth has published prolifically in the field of organizational behavior. Ruth earned a PhD from Harvard's joint doctoral program in organizational behavior and a BA in psychology from Columbia University. [rwageman@wjh.harvard.edu](mailto:rwageman@wjh.harvard.edu)
